Featuring: **Multihog - Multi Purpose TRACTOR - Endless Capabilities**

Armor Now Proudly Offers

Multihog

A must-have Tractor used by airports, local municipalities, and contractors. Innovation drives **Multihog** – with the ability to perform countless different tasks – ensuring maximum investment 365 days of the year.

Whether it is year-around street maintenance in busy cities or snow removal on remote runways, these units deliver! Utilizing the **Multihog** solution will help solve everyday challenges with smart, flexible equipment.

Multihog

The **MH Model** – is the original (and largest) model that is the top-choice for snow removal, sanitation, and asphalt repair in unrestricted areas.

MXC Model is a great compact vehicle for urban maintenance – with a 130HP Engine, it can remove snow and ice from sidewalks and narrow pathways – then change to a sweeper outside of the winter season.

CV Model is a versatile, sustainable compact sweeper; ideal for municipal street cleaning, bike path maintenance, and year-around tasks. This machine supports a wide range of attachments for sweeping, pressure washing and snow removal. Also advanced features include rear rails for a drop spreader, and water nozzle connections for scrubbers or watering arms.

The **MX Turbo Range Model** offers powerful workhorse series, with different cab sizes, 130HP and incredible torque. Best suited for heavy-duty snow removal and asphalt jobs.

Look Up and Look Around!**Cory Gustafson**

was awarded the IBAK RapidView Midwest
Salesman of the Year!

IBAK offers Sewer Camera Systems, and at a recent meeting in Rochester IN called "Septemberfest", Cory was surprised and awarded an Awesome Accolade!

**We are Proud of You!
Congratulations!**

Tripp Manheimer, Armor President
Cory Gustafson, Armor IA Territory Sales Manager
Dave Daake, IBAK Midwest Sales Manager

Henson Trash Service, in Piedmont MO – Celebrating a New Facility and 20 Years in Business

Recently, Chad Henson and his staff at
Henson Trash celebrated a Decade
In Business!

**Congratulations
for standing
strong for
so many years!!**

**As 2025 ends – Armor has so many good things to
remember. This is our Accomplished List:**

- ✓ **We took on 4 New Product Lines –
Terex / Hyva / MultiHog / RC-Mowers**
- ✓ **Survived a Tornado, in Arnold MO**
(We are still in business!)
- ✓ **First ever Crab/Shrimp Boil** (see pic of
Liz Haselhorst/Parts & Bre Seel/Service in MO)
- ✓ **Attended over 48 Conventions** – between
all 3 of our locations
- ✓ **Beautiful new artwork in
our lobbies** (we fancy!)

**We once again
participated in
Operation Christmas
Child
this year and filled
Shoeboxes this
Holiday Season!**

Armor is Now a Distributor for RC-Mowers!

We looked around for the Best Mowers, and these are it!

RC-Mowers offers several applications:

R Series Remote-Control Mowers – Crank up your ability to reduce labor needs, keep your crew safer, and earn niche revenue with remote-control mowers built for brush cutting on steep slopes and in hazardous terrain.

A Series Autonomous Mowing Robots – The self-driving Commercial Mowers allow a singled operator to generate the same revenue as a crew of three, adding profitability to your mowing services and opportunities for your people.

**Our Holiday
Schedule for
all our
locations this
year**
