Featuring: **RC Mowers / Ready for Summer Grass Cutting!**

**Armor is now offering an equipment for
Mowing that will surpass your expectations!**

RC Mowers offer American-built Remote-Operated Robotic Mowers that Transform your Business. Robot Mowers help reduce labor needs, improve safety, maximize profitability, and keep your people safe from falls, rollovers, and biting creatures.

Meet the A-60 Autonomous Mowing Robot

The **A-60** offers:

- *Kawasaki FX730V (23.5 HP Engine)
- *Hydro-Gear ZT-3400 Transmission
- *60" Commercial-grade cutting deck
- *Deck options: Rear Discharge or Mulching
- *Fits Standard landscape trailers

These **AMR's** perform best where crews are hard to staff, and acres are hard to cover.

Meet the R-60 Remote Operated Mower

The **R-60** offers:

- *Vanguard 40 HP EFI Engine
- *60" Cutting Width; 2" to 6.5" Cutting Heights
- *Capable of handling slopes up to 50 degrees
- *Fits Standard landscape trailers

***Considered the Beast of Business – the R Series is the tool to help you dominate the hill and the bottom line!**

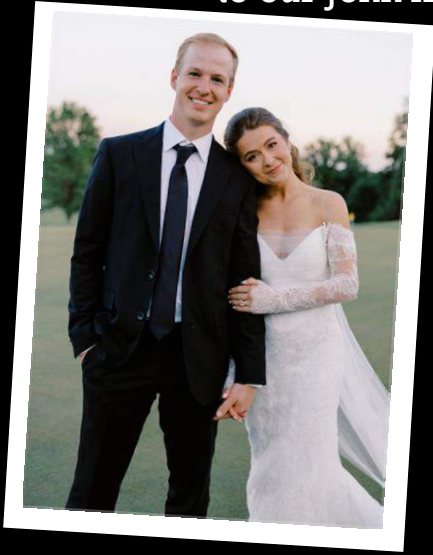

How it works: Operator enables autonomous mode, then on future visits, **AMR's** run the saved plan with no rework. Mowers independently execute the plan and return to start. **Drive it Once. Mow it Forever.**

He Said, "I DO!"

We wish a warm Congratulations to our John Krejci Jr., Territory Sales Manager for Missouri, as he wed his beautiful bride this past April!

Congratulations John & Emma!

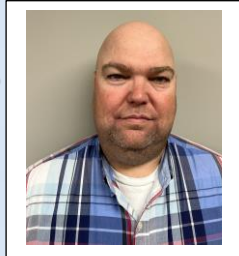

Our Locations will be **CLOSED** on May 25th for **Memorial Day!**

Speaking of the Krejci's – we have a New Employee in our Arnold location –

Jim Krejci

Sales Coordinator. You will find Jim working with Our Sales Team, along with loading of Carts & Containers!

Welcome Jim!

New Convention Banners in the House!
