### Featuring: Galbreath U5-OR-174 Roll-Off Hoist

When it come to heavy lifting,  
nothing compares to  
Wastequip's line of  
Galbreath Roll-Off  
Cable Hoists!

For over 40 years, Galbreath has set the standard by which all others are measured and is the most trusted cable hoist brand in the market.

Outside Rail cable hoists are the most common and versatile in use today. Inside/Outside Rail cable hoist have rollers on the inside of the frame that line up with rails on a container to help guide it during loading. These hoists offer the ability to load both styles of containers.

Some Galbreath models have additional benefits, such as a deadlift to help load containers found in tight spaces, and extended tail models allow for low loading angles where height clearance is an issue.

A centered cab-mount "Power Tower" is the easiest and most ergonomic control tower for operating this hoist. Controls are perfectly positioned for maximum efficiency and control, while Galbreath's famous "Plug n' Play" wiring system provides easy independent installation that eliminates crossed wires, loose connections, and corrosion and splices.

If you know someone who may be interested, please have them contact us at [Tripp@armor-equip.com](mailto:Tripp@armor-equip.com).

This past Fall **Armor** decided to upgrade the current building's Solar Panel System at our Arnold location. Rebates and tax credits allowed us to expand the system to offset 90% of our power usage. If you would like more information, let us know – we are happy to share!

**Armor's Bulletin Board**

**Our Armor locations will be CLOSED on Monday, January 2<sup>nd</sup>.**

Ron Gordon, in our StL Service Dept, recently had the pleasure of walking his daughter down the aisle! **Congratulations Lora!**

Busy week as Mark Harless (**Armor**) and Tom Hochmuth (**Sewer Equipment**) demo a HX12 Hydro Excavator Sewer Truck to a local company as they install fiber optics at a local municipality.

Multiple uses for this HX12 Sewer Excavator Unit!
