Featuring: **Wastequip Rear Load Containers**

Wastequip Standard Rear Load Containers are **Built to Last**, with heavy-gauge steel floors, sides and pockets along with fully welded in seams.

#### Body Construction:

- ✓ Heavy duty 14-gauge steel
- ✓ 1-1/4" trunnion bar on 1 and 2 yard containers
- ✓ Heavy duty corner striker plates reinforce corners for kicker bar hits
- ✓ **Single piece body wrap**
- ✓ Full length caster channels provide additional strength
- ✓ High gauge, triple formed channel surrounds the container top and provides rigidity
- ✓ **Wrap around corners with continuous welded seams provide superior strength**
- ✓ Sides are tapered for easier dumping
- ✓ Drain plugs
- ✓ **Primed and painted inside and outside**

**Rear Load Containers** are designed for use in cities, alleyways, and other areas where space is tight. These rugged containers are manufactured using heavy gauge steel and solid steel trunnion bars to withstand years of heavy, dense loads. **All rear load containers are tapered for nestability, for more economical storage and shipping.**

- Smaller units (1yd-4yd) have casters for added mobility.
- Rear load containers allow haulers to combine commercial container routes and residential cart routes.
- Winch hooks for 1yd-2yds

#### Lid Construction:

- ✓ High density polyethylene covers hinge on 1/2" steel rods supported by heavy duty braces and mounted to a sturdy steel frame. **Cover swings away for easy dumping.**
- ✓ Covers are quick and easy to install

#### Why choose Wastequip Containers?

\*\*Improved durability features, including rust-inhibiting primer inside & out

\*\*Built with safety in mind; products meet all applicable ANSI safety standards

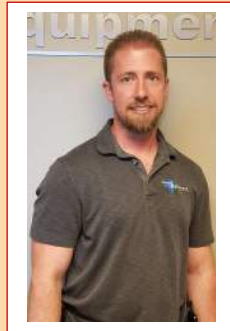

Our Locations: 1368 Lonedell Road, Arnold, Missouri 63010 / 450 N. Lindenwood Drive, Olathe, Kansas 66062

Armor's Bulletin Board

Liz in our StL Parts Dept has buttons popping over her son's HS Graduation! Congratulations Toby!

Happy 20 Year Work Anniversary to Jeremy Tucker

Jeremy wears multiple hats at Armor - he is the Service & Parts Manager, along with taking care of all of our Computer & IT needs.

Happy Anniversary to our Jeremy!!

Time to Unload the Toters in StL!

The Crew: Don Chronister, Jeff Perkins, Travis Thomas, Alan King, You Guys Rock!

Memorial Day Luncheon

FUN TIMES!

Team ARMO

We are busy, busy, so we are continuing to Hire!
