

Sales, Service and Parts for Trucks & Heavy Equipment

MISSOURI / ILLINOIS (636) 296-7119

KANSAS (913) 839-1777

Featuring: Petersen's Atlas Lightning Loader

The Atlas Lightning Loader is a heavy-duty grapple truck mounted onto a chassis from behind the cab, equipped with Petersen's Big Bite bucket at the end of the boom. The Loader operates from a seated platform that rotates with the boom.

Slewing System/Gearbox: the stabilizing swing circuit ensures smooth starts and stops, reducing the overall stress on the boom and slewing system.

Hydraulic Systems: variable speed pump gives control where you want it, when you want it, without slowing down.

General Specifications:

Reach: 25ft
Main Boom & Tip Boom: 21ft
Tip Extension: 4ft
Tare Weight (empty): 28,000lb est.
Outrigger Span: 11ft 8in
Dump Body Hoist Capacity: 31 tons

H-Style Outriggers: horizontal and vertical outriggers act independently of each other, allowing operator to have incredible accuracy in maneuvering obstructions and traffic patterns.

Top Seat: Because of the proportional joysticks, the foot pedal swing, and an oversized seat designed for max comfort.

Big Bite Bucket: the easiest and smoothest operating two cylinder bucket you'll find!

The Atlas attributes:

Speed: designed to save time in multiple areas, with custom outrigger placement and a boom that continuously rotates 360 degrees.

Endurance: it's not only about how many hits you can take, but about how long you can keep operating at peak performance. Fully skinned bucket & body in Hardox 450 steel for extreme wear and tear.

Strength: delivers maximum power during all stages: Lifting / Crushing / Dumping

StL Parts Staff: Steve, Greg & Liz in a 2 minute mini photo shoot

Street Sweeping 101: What are some of the materials that are found on paved streets and parking lot surfaces that Street Sweepers help to remove?

Crustal materials – Soil, sediment, sand, and eroded rock from the weathering of bricks, concrete, and asphalt from pavement & structures.

Vegetation – From yard waste - grass clippings, and leaves & twigs

Motor vehicles – Tire debris, exhaust emissions, brake dust, and fluids: oil; transmission fluid; coolant and fuel; along with chunks of plastic & glass.

Litter – Trash, bottles, and fast food wrappers

Industrial emissions and Animal carcasses.

There is always that next project – expanding main arterial roads, adding sidewalks and street lighting, repaving the main parkway, but in light of all the projects that need to get done, maintaining what you have now and keeping your streets & lots looking “Tony the Tiger” GREAT is always a high priority!

THE MOWCC CONFERENCE

At Tan-Tar-A Resort, in Lake Ozark MO again this year! Mark your calendars for July 14th – 16th. Stop and see our Regional Sales Managers **Mark Harless, Steve Simpson and Joe Wigginton** at **Booth #46**. They’ve always got fun stuff to give-away and tons of knowledge to share!
(They are pretty smart guys!)

OUR ARMOR LOCATIONS ARE CLOSED ON MONDAY, MAY 27TH FOR MEMORIAL DAY.

Units of the Month:

Meet the twins, “Oscar & Oliver”, our 2013 Crane Carrier LET₂, with New Way Sidewinder Side Loaders.

These guys may look identical (and just be as cute as buttons), but...

.....each of these hardworking units offers their own individual bells & whistles, and back-up beepers!

Armor Sales: We’ve got all kinds of trucks for SALE!

2008 International 300 DT with K-PAC KPCCR Rotator Container Handler.

2008 International 7400 with Heil 25 Yd. DP5000, Reaving Winch & Cart Dumper.

2007 Sterling Acterra with Heil 25 Yd. 5000, Reeve, Lip & Latch & Cart Dumper.
