When you are looking for a Camera System to work hard for you - this one is it!

If you are looking for an Automatic Anti-Tilt Compression Camera System - this one is it!

We did our research because we want to provide our customers with the best equipment and service available, and the **RapidView® IBAK Camera Systems** are it! We are excited to be part of the solution!

Our Michelle Wolf is RETIRING!

After 26 Years of working at *Armor*, she is now going to enjoy the easy life starting in July!

Michelle started at *Armor* in 1997 as our Parts Department Manager, then steadily evolved over time into our Office Manager.

But the hats are many: Bookkeeper, HR / Payroll Manager, Drug Screen Coordinator, Truck Titling, Check Writing, Event Coordinator, and simply just the Right Hand to management.

If she doesn't hear her name 50 times a day, it is 100 times a day. (We're not sure how she didn't run screaming out of here sooner!)

Michelle, you will be missed, and we wish you many years of a Happy Retirement!
