

Sales, Service and Parts for Trucks & Heavy Equipment

ST. LOUIS (636) 296-7119 STL TOLL FREE (800) 777-2766 KANSAS (913) 839-1777

Featuring: *The HEIL DURAPACK 5000*

The Heil DuraPack 5000

High-Compaction Rear Loader. With over 20,000 built and nearly 30 years of reliability, Heil's

DuraPack 5000 high-compaction refuse vehicle has become the mainstay of collection fleets, from small independent haulers to the world's largest municipal fleet.

Heil's DP body is the only fully welded, interfaced sub-frame in a refuse collection truck. Formed channels for extra strength, high tensile strength steel to maximize performance at a minimum weight.

Welded for superior resistance to corrosion and cracking, the DP 5000 is a sturdy package with the stamina to absorb years of tough hauling.

The *DuraPack 5000* is as functional as it is durable. Operators appreciate the convenient one-handed manual packing controls that enable them to stop, start, or reverse either the upper panel or the blade at any point in the packing cycle. **With a simple two-step cycle that reloads in just 6 to 8 seconds, and a complete cycle time of 16 to 18 seconds, it gets drivers through their routes quickly.**

The Heil DuraPack 5000 offers:

- High-Capacity Hopper
- Durability and Longevity
- More Packing Power
- Service Smart Side Door
- A Solid Foundation
- Frame-Mounted Oil Tank

Visit us at the SWANA Kansas Solid Waste Management Convention!
Dates are Oct 2nd-4th, at the Kansas Star Conference Center in Mulvane, Kansas. **Stop by and see us at Booth P3 – we're friendly!**
